Sandy, UT 84092

Subject: Notice of File Closure, John Young, Cream Time claim Quarry, S/039/0003, Sanpete County, Utah

Dear Mr. Young:

The Cream Time Claim small mining permit, file number S/039/0003, located in Sanpete County, Utah, will now be closed and the file retired.

Current status of this permit with DOGM includes:

- Annual permit fees for 2008/09 have not been paid.
- The Division does not hold a reclamation surety for this site (reclamation surety currently required prior to any mining would be \$21,900).
- It has recently come to the attention of the Division that you no longer have a lease with SITLA for this site.
- The site was successfully reclaimed several years ago, and there has been no additional mining since the site was reclaimed.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to obtain a new mineral lease from SITLA and submit a new notice to the appropriate agency(s), lies prior to creating any disturbance.

If you have any questions or concerns regarding this action or wish to appeal the Decision to close this file, please contact me at (801) 538-5261 or Lynn Kunzler at (801) 538-5310.

Thank you for your efforts in completing the required reclamation on this project.

Sincerely,

Paul B. Baker
Minerals Program Manager
